

TERMS OF SERVICE

By using any of the Engineering Students' Society services, including any services found on the website, you agree to voluntarily consent to any and all Terms of Service found herein.

Engineering Students' Society has the right to modify this Terms of Service agreement at our discretion, and the terms will become effective immediately upon publication to this website.

Satisfaction Policies

We provide the ticketing software used to process ticket sales and admissions for the events on this website. We are not responsible for the production, experience or cancellation of events on our system. If you are unsatisfied with your experience with an event listed on the Engineering Students' Society system, you must speak to a valid representative of the event or venue.

Accuracy of Information

Users of any of Engineering Students' Society services certify that any information provided to us is complete and accurate. Engineering Students' Society will make every effort to validate the billing information you provide to us; however, if we are unable to do so, we reserve the right to cancel your tickets or prohibit you from using this website.

Alteration of Event Listings

Engineering Students' Society reserves the right to expunge any event from the Engineering Students' Society website at any time, under any circumstances, and for any reason.

Refund Policies

Engineering Students' Society is unable to offer refunds after a ticket has been purchased; however, a refund may be issued when an event is cancelled.

If an event is cancelled, a refund in the amount of the face value of the ticket will be issued to customers who purchased tickets. Service, delivery and transaction fees will not be refunded. Refund availability and duration will be at the Engineering Students Society's discretion.

Postponed Events

If an event is postponed to a later date, outdated tickets will still be accepted at the door for entrance into the event.

Acceptable Methods of Payment

Engineering Students' Society currently accepts Visa or MasterCard cards for payment. All transactions will post an Engineering Students' Society memo on your billing/bank statement.

Privacy Policies

Engineering Students' Society respects your right to privacy. Privacy policies are outlined in the Engineering Students' Society Privacy Policy. By agreeing to these Terms of Service, you are also agreeing to the terms set forth in the Engineering Students' Society Privacy Policy.

Refusal of Services

Engineering Students' Society reserves the right to bar any registered client from use of any or all of Engineering Students' Society services at any time, under any circumstances, and for any reason. Violation of any of the guidelines below will always result in such punitive action.

Violation of Terms

If you violate any of the terms herein, Engineering Students' Society reserves the right to terminate your account, bar you from using any Engineering Students' Society services, cancel any ticket orders and take appropriate legal action.

Acceptable Use

Engineering Students' Society grants you a non-exclusive right to access the Engineering Students' Society Service for the purposes of browsing the site, searching for events, registering for events, and interacting with events, organizers, and Engineering Students' Society. The following uses of the Service — including the site and all functions therein — are strictly forbidden:

Using the Service in any way that violates the Terms of Service;

Using the Service in any way that breaches any applicable local, national, or international laws and regulations;

Attempting to reverse engineer, disassemble, decompile, or otherwise disclose the underlying source code or infrastructure of the Service;

Using the Service for fraudulent activity or activity that facilitates fraud;

Using or enabling others to use bots, scrapers, spiders, or any other automated means to access the Service for any purpose without the written permission of Engineering Students' Society;

Using or enabling others to use the Service in a way that imposes what Engineering Students' Society deems to be an illicit, excessive, or unnecessarily heavy burden on our infrastructure, regardless whether such activity is an intentional attempt to interfere with the proper operation of the Site;

Bypassing or enabling others to bypass any measures we take to restrict access to unauthorized areas of the Service.
